

I Think Americans need more time on this issue. I for one am against any rule changes. The media is already in the hands of too few corporations. ABC, NBC and CBS already seem to same issues. Even our local station are in the hands of the big Networks. It must stop. Too many of us form our opinions based on media comments. We must have a completly free media to remain free.  
Thank You for reading this.  
Ricahrd Davis.
